

WELCOME

We welcome your interest in finding a place of ministry within The Wesleyan Church. We believe our Church has a vital mission to accomplish in our world and we believe our Church is made up of people who will respond to appropriate pastoral leadership in an effort to fulfill that mission. If you agree with us in doctrine and spirit, and believe God is leading you to join hands with us in ministry, we welcome you. The Wesleyan Church seeks to assist ministers in their efforts to be as healthy, fit and effective as possible. This begins with certain expectations regarding preparation for ministry. Our expectation for academic preparation includes study in Bible, theology, church history, denominational history/polity, practical theology and general education. Your academic study will be evaluated with every effort to recognize the level of service you held in the denomination from which you are transferring.

PROCEDURES FOR TRANSFER

The following is offered to you as a guide for completing the process of transfer:

1. Present a letter of standing or other credentials and transcripts or other records of ministerial training to the district superintendent.
2. Guided by the district superintendent fill out the Transferring Ministers application (which should be sent along with a copy of your credentials to the General Superintendent's office) in order to seek approval from the General Superintendent for acceptance, which if granted will be subject to the following procedures:
 - (a) You shall be examined by the district board of ministerial development relative to your Christian experience, call, qualifications for the ministry, the equivalence of training to the

Wesleyan course of study, and to the nature of your ordination, commission or license. A report of the examination with records and transcripts shall be sent to The Division of Education and Clergy Development who shall communicate with you regarding any academic work necessary to meet the equivalency of our course of study.

- b. Enroll with The Division of Education and Clergy Development and complete any academic work required. Completion of studies in Wesleyan history and polity will be minimum requirements but other courses may also be necessary in order for you to complete training considered by The Wesleyan Church to be minimal for its ministers. Completion of any academic work may be done at an area Wesleyan college, by correspondence through Education and Clergy Development, or by attending a FLAME, FLAMA, or district extension course.
- c. Serve under appointment in the district in a supply capacity while completing any deficiencies. It is expected that any deficiencies will be met within a period of one year. The one-year relationship with the Church as a minister in process of transfer may be extended by vote of the district conference. The district board of administration may terminate the relationship if it is determined that it is not in the best interests of the district to continue the relationship.
- d. The district board of ministerial development shall recommend you to the district conference for full standing when your service has been satisfactory and all academic work has been completed.

ADDITIONAL SUGGESTIONS

In addition to the disciplinary requirements, the following guidelines are suggested as means of

assisting you in developing an effective ministry within The Wesleyan Church.

1. The district into which you transfer may provide an orientation for all new ministers, acquainting them with the organization, leadership, standing rules, procedures, expectations and personnel of the district. Don't miss this orientation.
2. You should attempt to visit the Wesleyan World Headquarters in Fishers, IN and become acquainted with the organization, personnel and operation of the general church.
3. You should, within the first two years of appointment, visit the Wesleyan college in your area and become familiar with its program and administration.
4. You should participate fully in your district's family camp, ministers' retreats and conferences.
5. Along with the close supervision and counsel of the district superintendent, you may want to ask that an experienced pastor of the district be assigned to assist you with periodic questions regarding your ministry in the Church.
